

Traffic and Parking Reminders for Parents and Students

--When dropping off students in the morning from Beechmont Avenue, please enter the parking lot and pull as far forward as possible on either side of the island. Traffic backs up on Beechmont Avenue when cars are not moving forward as far as possible. Please do not allow your students to exit the vehicle on Beechmont Avenue.

--After students exit vehicles, please turn left to exit the parking lot at the Brachman Avenue traffic light. **Please do not turn right on Brachman Avenue and exit through the Mt. Washington Presbyterian lot or through the Paradise lot.** Brachman Avenue is one-way out to Beechmont Avenue, and traveling against one-way traffic creates dangerous situations for our students and jeopardizes our good neighborhood relations.

-- Drive slowly entering and exiting Paradise Lane.

- Between 7:00 and 8:00 a.m. each day, Paradise Lane will be a one-way enter only. Cars may not exit Paradise Lane to Berkshire between 7:00 and 8:00 a.m.
- Between 2:30 and 3 p.m. each day, Paradise will be a one-way exit only. Cars may not enter Paradise Lane off of Berkshire between 2:30 and 3 p.m.

--Parents dropping off students may do so only at the island off Beechmont Avenue. Please do not drop off students in the lower lot, the visitors' lot or from the Paradise lot.

--Park only in assigned, marked spots; no exceptions.

--Use the zone adjacent to the courtyard for drop-off only. The hatched-mark area will be no parking except for when you need to load and unload through the courtyard. Vehicles need to be moved to the designated or assigned parking spots as soon as loading is complete.

--Keep the visitor spots open for parents and guests throughout the school day. Visitor spots are marked on the west side of the courtyard parking lot.

--Keep the faculty/staff spots, especially those in the courtyard parking lot, open for faculty/staff only throughout the day. Appointments off campus may leave an open space, but when returning to campus, employees need to park in his or her assigned space again. Open faculty/staff spaces are available for general parking **after** 3:30 p.m.

Thank you for your attention to the traffic rules and regulations. Your cooperation will make a safer campus for all our students and parents.
